Manish Sapkota

Kathmandu, Nepal
manishsapkota365@gmail.com | linkedin.com/in/manishsapkota | github.com/Maneesh-09

PROFESSIONAL SUMMARY

Passionate UI/UX Designer and Frontend Developer with expertise in creating intuitive, user-centered digital experiences. Quick learner with hands-on experience in designing scalable interfaces and implementing responsive web applications. Proven ability to translate complex requirements into elegant design solutions while maintaining technical excellence.

EDUCATION

Tribhuvan University **September 2024 – April 2029**
Bachelor's of Computer Application (BCA) – Information Technology *Kathmandu, Nepal*

- Relevant Coursework: Data Structures, Algorithms, Database Management, Web Technologies, Software Engineering
- Active member of university tech club, organizing workshops on UI/UX design and frontend development

PROFESSIONAL EXPERIENCE

SYNTECXHUB **January 2026 – February 2026**
User Experience Designer – Virtual Internship *Remote, India*

- Designed and delivered user-centered interfaces for web and mobile applications, improving user engagement by conducting comprehensive user research and usability testing
- Collaborated with cross-functional teams including product managers, developers, and stakeholders to define product requirements and translate business goals into intuitive design solutions
- Created detailed wireframes, interactive prototypes, and high-fidelity mockups using Figma, streamlining the development handoff process and reducing design-to-development time
- Conducted heuristic evaluations and accessibility audits to ensure WCAG 2.1 compliance, enhancing product usability for diverse user groups
- Established and maintained design system components and style guides, promoting consistency across multiple product lines and improving team efficiency

Self-Employed (Personal Projects) **March 2025 – Present**
UI/UX Designer & Frontend Developer *Kathmandu, Nepal*

- Designed and developed 15+ responsive web applications and landing pages, focusing on modern UI/UX principles and optimal user experience across devices
- Implemented pixel-perfect designs using React.js, HTML5, CSS3, and JavaScript, achieving 95+ Google Lighthouse performance scores
- Conducted end-to-end design processes from user research and persona creation to final implementation, demonstrating full-stack design and development capabilities
- Leveraged WordPress to build custom themes and plugins for client projects, resulting in improved site performance and user satisfaction
- Applied Agile methodologies and iterative design processes to continuously improve products based on user feedback and analytics
- Integrated REST APIs and third-party services to enhance functionality and create seamless user experiences

KEY PROJECTS

E-Commerce Platform Redesign | *Figma, React.js, Tailwind CSS* **2025**

- Redesigned complete user journey for an e-commerce platform, resulting in improved conversion rates and reduced cart abandonment
- Implemented responsive design system with reusable components, decreasing development time for new features by 40%
- Conducted A/B testing on checkout flow, identifying and resolving key friction points in the user experience

SaaS Dashboard Application | *React.js, TypeScript, Material-UI* **2025**

- Designed and developed a data-rich dashboard with advanced data visualization components for business analytics
- Implemented dark mode and accessibility features, ensuring WCAG 2.1 AA compliance across all user interfaces
- Optimized application performance through code splitting and lazy loading, achieving sub-2-second load times

Mobile-First Social Platform | *Figma, Vue.js, Progressive Web App* **2024**

- Created mobile-first design system and implemented progressive web app features for offline functionality
- Designed intuitive user flows and interaction patterns based on comprehensive user research and competitor analysis
- Achieved 98/100 mobile performance score through optimization techniques and modern web technologies

TECHNICAL SKILLS

Design Tools: Figma, Adobe XD, Sketch, InVision, Miro, Balsamiq, Whimsical
Frontend Development: HTML5, CSS3, JavaScript, React.js, Vue.js, TypeScript, Tailwind CSS, Bootstrap, SASS
Design Systems: Material Design, Apple Human Interface Guidelines, Atomic Design Principles
CMS & Platforms: WordPress, Webflow, Contentful
Version Control: Git, GitHub, GitLab, Bitbucket
Prototyping: High-Fidelity Prototypes, Interactive Mockups, Wireframing, Information Architecture
Other Skills: Responsive Design, Accessibility (WCAG 2.1), Cross-Browser Compatibility, SEO Optimization

CERTIFICATIONS

FIGMA: Learn Figma: UI/UX Design Masterclass From Beginner to Pro
CYBERSECURITY BOOTCAMP: The Ultimate Beginner's Course
WORDPRESS: Web Development for Absolute Beginner Zero to Hero

ADDITIONAL INFORMATION

Languages: Nepali (Native), English (Professional), Hindi (Fluent)
Interests: Open Source Contribution, UI/UX Communities, Tech Blogging, Design Systems Research
Work Authorization: Open to relocation and remote opportunities
